WHO WE ARE

Stay In Step is a veteran founded 501(c)(3) non-profit organization that provides state-of-the-art recovery to spinal cord and traumatic brain injury clients in the Tampa Bay Area.

Stay In Step was founded by Chief Warrant Officer Romy Camargo and his wife, Gaby. Romy entered the U.S. Army in 1995 and spent most of his military career with the 75th Rangers Regiment and 7th Special Forces Group. In September 2008, during his third deployment to Afghanistan, Romy's detachment was ambushed while carrying out a humanitarian mission. Romy was shot in the back of the neck, resulting in paralysis from the shoulders down.

Romy and Gaby viewed his diagnosis not as a challenge, but as an opportunity. After months of planning, on June 20, 2015, Stay In Step opened its' doors. Stay In Step provides therapy and recovery services to the military and civilian community.

WHAT WE DO

Our mission is to provide clients living with spinal cord injuries or neurological disorders causing paralysis with a step forward toward recovery through world-class rehabilitation and support. We empower people with movement disorders to achieve independence to reach their full potential.

We provide an average of 14,000 hours of physical therapy a year. Additionally, our financial relief program, which provides discounted rates for physical therapy sessions, has supplemented more than \$1,000,000 in the cost of services. Many insurance companies do not cover two-hour sessions, but our supplemental program allows clients to take advantage of the services they desperately need.

HOW YOU CAN HELP

To fulfill our goal of changing the lives of as many clients as possible, we need your help! Did you know that 46% of our operating budget comes directly from this fundraiser? As a sponsor, you or your organization will help us to continue providing financial relief to clients through our Supplemental Program. Individual client sponsorship packages are also available, where 100% of your contributions will go directly to their therapeutic needs.
